Open To Home Builders

Out of the Smoke Zone into the Ozone.

DO YOU WANT A HOME?

Of course you do. The desire to own a home is strong in the heart of every real man. To return from your work every evening and find a cheery front yard greeting; your tousle headed youngsters in a scrambled, noisy rush to meet you on the front porch. A happy, barking, pawing dog dancing around you while the cat rubs her arched back against your shins and your wife welcomes you with a kiss; Oh Boy! Can you beat it? It gives you a thrill away down deep and you say within yourself "All this is mine; my home, my castle."

In River Heights there are about two hundred lots inside the now existing city limits. For a short time, home builders may buy these lots at \$500.00 which will include sidewalks, water, shade trees and graveled streets.

We have other lots adjoining these at from \$250.00 to \$450.00. All lots are 50x130 ft.

Come out to River Heights tomorrow or Monday or come to our office and let us drive you out. See the development and convince yourself that this is the place for your home.

In Memoriam

To the veterans who fought in '61;
that this country might be a better place to live in—

To the soldiers and sailors who fought in '98 to make this continent a better place to live in---

To our own brave boys who gave up their lives in France so this world would be a better place to live in---

We bare our heads in admiration, in reverence, in deep thankfulness that their example lies before us---the example of men to whom death held less terror than dishonor.

WHITE TRUCKS

LOWEST ULTIMATE COST

OWNERS have learned that White Trucks are most economical to own because they can be operated at lowest cost over a long period of years. The service a White Truck gives after completing 100,000 or 200,000 miles is of more vital consideration to the purchaser than its initial cost.

More White Trucks are sold annually than any other high grade make. This is the majority's verdict on what constitutes real economy in truck buying.

DECISIONS COMING IN G. O. P. CONTESTS OVER DELEGATES

[By Associated Press.]
Chicago, May 20.—Decisions in the four contests among delegations to the republican national convention probably will settle all of the disputes which involve 122 seats, members of the national committee today. Precedents in four national contests will govern the points raised in the other cases it was said.

Clarence B. Miller, secretary of the republican national committee, arrived yesterday with the briefs filed in Washington in the 122 contests.

The national committee will begin consideration of them next Monday and four days, it is estimated, will finish all of them.

Aside from the contests in the tenth Minnesota (Minneapolis) and the fourth and fifth Missouri districts, the contests are from southern states.

Another sort of contest is handled either by the national committee or the state delegations involved in the elimination of 56 delegates from 10 states where more than the allotted number of delegates were chosen with fractional votes. In these 10 state delegations 117 delegates were certified to the convention with only 61 available seats.

Fred Webster and his Musical Comedy Co. Myers Theatre, 3 days, start Monday Matinee 2:30.

Monday to Mark Formal Opening of Janesville Country Club's Season

Golf enthusiasts will begin their twenty-fifth season of the turf game with the formal opening of the Janesville Country club Monday. Golfers—men and women—bridge players, picnickers, dancers, and devotees of the luncheons and dinners served at the club will assemble for the real inauguration of the season of their out of door festivities.

Monday's opening program consists of a swopstakes tournament for men in the afternoon, a bridge game for women, club supper at 8:30, and a dance in the evening.

Several dinner parties this week were the real initiation of the new dining service. Golfers and picnickers have been frequenting the club grounds for several weeks.

Dedicated 22 Years Ago

The club house dedicated in 1898 and almost doubled in size in 1916, now serves as a country home for about 175 families of this city, being used by perhaps 350 to 450 people.

The 60 acres preserved for the out door pleasure of the members of the club are claimed to be ideally located and among the beauty spots of the country. The spirit of Beloit can be viewed distinctly from the heights of the club grounds on clear days. "Lookin' for Beloit" has become one of the standbys at the club.

Golfers who have been making the course since its inception in 1895, wax warm for the match games to try out their prowess.

First State Tourney Here

They take pride in the fact that their golf club is one of the oldest in the country. The first golf club in Chicago was started only three years before the local association, according to D. W. Holmes, president, who was reminiscent this morning of those early days at the game, which has proved the most popular of the out-of-door sports of today.

First state golf tournament was played off on the local course in about 1899, he recalled.

The golf grounds are noted for their exceptional turf, being covered with the original sod, which has never been plowed. While the game is indulged in by hundreds of golfers, the spirited contests of the real season bring out much rivalry. Among the top noters in the men's game are Albert Schuller, who has the lowest amateur record, S. D. Tallman, J. L. Wilcox, and E. P. Wilcox, according to Mr. Holmes.

Harry Robinson, a professional player, holds the honors of a 67 score on the 18 hole course.

Many Women Stars

Among the women golfers, Mrs. Arthur J. Harris is placed with the

games, the Friday golf for women, and Saturday golf for men. The dinner contest will open June 4, continuing until Oct. 1.

25 North Bluff Street

Autobiography of Black Hawk

(Continued from Saturday, May 22.)

I had determined to listen to the advice of my friends—and it permitted to go to see our Great Father, to abide by his counsel, whither we might be. Every overtone was made by Ke-o-keek to prevent difficulty, and I anxiously hoped that something would be done for my people, that it might be avoided. But there was had management somewhere, or the difficulty that had taken place would have been avoided.

When it was ascertained that we would not be permitted to go to Washington, I resolved upon my friends and again tried to recruit some braves from Ke-o-keek's band to accompany me, but could not.

Convinced that the peaceable disposition of Ke-o-keek and his people had been, in a great measure, the cause of our having been driven from our village, I ascribed their present feelings to the same cause; and immediately went to work to recruit all my own band, and made preparations to ascend Rock river. I made my encampment on the Mississippi, where fort Madison had stood, and sent out soldiers to bring in the warriors, and stationed my sentinels in a position to prevent any from moving up until all were ready.

My party having all come in and got ready, we commenced our march up the Mississippi—our women and children in canoes, carrying such provisions as we had, camp equipment, etc., and my braves and warriors on camp equipment, and equipped for defense. The horseback came down and joined us below Rock river, having called at Rock Island, on his way down, to consult the war chief, agent, and trader, who (he said) used many arguments to dissuade him from going with us, and requested him to come and meet us, and turn us back. They told him also, that there was a war chief on his way to Rock Island with a large body of soldiers.

The prophet said he would not listen to this talk, because no war chief dare molest us as long as we are at peace. That we had a right to go where we pleased peacefully; and advised me to say nothing to my braves and warriors until we encamped that night. We moved forward until we arrived at the place where our braves had made his encampment the year before, and encamped for the night. The prophet then addressed my camped for the night. He told them to "follow us, and not like braves, and we had nothing to fear, but much to gain. That the American war chief might come, but would not, nor dare not, interfere with us so long as we acted peacefully! That we must wait until we ascend Rock river and receive our reinforcements; and we will then be able to withstand any army!"

That night the White Beaver (Gen. Atkinson) with a party of soldiers, passed up in steamboats. Our party became alarmed, expecting to meet the soldiers at Rock river, to prevent us from going up. On our arrival at its mouth, we discovered that the soldiers had stationed his men on some hill, or in some ravine, that we might be taken by surprise. Consequently, on entering Rock river, we commenced beating our drums and singing, to show the Americans that we were not afraid.

Having met with no opposition, we moved up Rock river leisurely some distance, when we were overtaken by an express from the White Beaver, the Mississippi, to return with my band, and across the Mississippi again. I sent him word that "I would not, (not recognizing his right to make such a demand) as I was acting peacefully, and intended to go to the prophet's village, at his request, to make corn."

The express returned. We moved on, and encamped some distance below the prophet's village. There another express came from the White Beaver, threatening to pursue us and drive us back, if we did not return peacefully! This message roused the spirit of my band, and all were determined to remain with me and contest the ground with the war chief, should he come and attempt to drive us. We therefore directed the express to return to the war chief, "if he wished to fight us, he might come on!" We were determined never to be driven, and

DEAR DOCTOR:

I suffered a long time with rupture, and tried many appliances, like the truss. No relief was to be had.

Then someone told me of your wonderful work, and, after two months' treatment from you, I am able to do hard labor once more.

I think I should have always been a cripple if it had not been for you, and I shall always have a good word for my best friend, Dr. Goddard.

Yours truly,

Three days of first rate baseball, today, tomorrow and Monday at the fair grounds. And if all the afternoon and evening games are as good as the series of the best exhibitions of the national game ever staged here.

Samsun Full of Pepper.
The third brings on the Dodger Trainings of Chicago against the Samsun Tractors. Composed of big and mighty men, the Samsuns have lost a game so far this season, but there is an added value in the games put on by the Windy City bunch.

Arriving here this morning, pick up the visitors in their street and line up in first-class shape. Augmented by the two new out-fielders, the Samsuns are full of pep. They are out to keep up their great record of seven victories in nine games played, a feat that is keeping the middle-west watching.

Fairies On Edge.
More than usual interest is maintained in the week-end games. Dodger and Samsun take on the McCoy-Nolans today, the outfit that divided with the Samsuns in a two-game series. Tomorrow Chicago to play Billy Niesen's Pyrots and on Monday the Pyrots will appear at the line city. The outcome will give the best opportunity to stir up the keen rivalry of the two cities. Beloit is shaky for the first time about the outcome of their baseball season. The fans down at Beloit are beginning to realize that "Uncle" George Perring really has something to watch.

SAMSON SECOND TEAM PLAY GARDNERS TODAY

Today the Samson Nationals journey to Beloit to take on the Gardner Grinders in what promises to be a fast and hotly contested game. The Nationals have been officially designated as the second Samson team and will play at the fair grounds when the first team is absent. The first outside game for the Tractor line comes on the first and sixth of June and the team are under way now to bring a fast aggregation here so that the fans can still see good games even though their favorites are not here.

The game at Beloit today will start at 3:00 P. M. at the Gardner Field which used to be known as the College Hill Park at the South end of Hackett St.

Not having lost a game this year and with a couple of new additions, the Nationals are looking for interest and a good delegation is expected to accompany them. Monday, Decoration Day, they travel to Woodstock, Ill., to take on the Oliver typewriter team of that city and which promises to be the hardest outfit they have met and will show the fans their real strength. The lineup for today's game follows:

Gardner Grinders. Samson Nationals: Todah, 1b; Nelson, 2b; Franklin, 3b; Grojean, 3b; Huelbner, 3b; Baker, 3b; Plemgen, 3b; Kasmarek, 3b; Danne, 3b; Crabtree, 3b; Hershfield, 3b; Roberts, 3b; Lynch, 3b; Pilot.

BADGERS LOSE TO OHIO IN ELEVENTH

Madison, Wis., May 29.—After holding Ohio State without a hit for nine innings, Zulfer of Wisconsin was given credit for a shut-out. The Badgers were busy in the eleventh inning and won out yesterday by a score of 4 to 1.

It was one of the most sensational baseball games ever staged on a western conference game. Both teams played brilliantly during the entire contest and but for the eleventh inning rally the Badgers would have come out on top.

ATHLETE BREAKS BACK; EXPECTED TO DIE

Chicago, May 29.—Sumner Vezzey, captain of the University of Chicago gymnastic team in 1917-18, and national intercollegiate, today, yesterday, paralyzed from his waist down as the result of a fall from his motorcycle. It is said his back is broken and he may not live. Vezzey also was a member of the Maroon track team, tying for third place in the high jump at the conference track meet last year.

TANKS TO ASSAULT TRACTORS SUNDAY
Company 1's "Treat 'em Rough" team of the local tank corps meets up with the Model "M" team of the Samson Tractor company on Sunday. The Samson team is the big plant tomorrow afternoon at 2 o'clock. A good and close game is expected. A shift in the lineup of the tanks, with some new blood, looks good for a better working machine. Whether an armored tank is stronger than a light tractor is to be seen.

BADGER TRACKMEN MEET CHICKS TODAY

Chicago, May 29.—The University of Chicago and University of Wisconsin track teams will meet on Stagg Field this afternoon, with odds strongly favoring a Wisconsin victory. The Chicago team is said to be weak in the high hurdles, high jump, broad jump and pole vault, but expects to put up stiff opposition in the other events.

Close and Fast Races Loom in Henley Regatta

Philadelphia, May 29.—The leading college oarsmen of the east centered in the eight events on today's program of the American Henley regatta on Supper River. Coaches of all the crews said their men were in prime condition. Experts look for close races and fast time.

ENTRIES POUR IN FOR BOYS' MEET

Fifty Received Already—Working Out Arrangements to Make Day Complete Success.

Approximately 50 entries have been received so far for the first annual track meet of the Janesville schools. Before the event grade schools, before the event, 500 are expected to compete. Enthusiasm of the boys mounts each day as they talk the big day over among themselves.

Yesterday afternoon was the first rush to get in. Numbers of youngsters visited the "Y" stepped upon the scales and were assigned to classes. The most general question asked was: "Can I enter everything?" While they were told that they could, they were advised to stick to three at the most so that they could the better train to make a finer showing.

Numbers for the meet are steadily planning the methods of running the events off smoothly. Each boy will be given a number when he enters the fair grounds on that Saturday—June 12—to make it easier to keep track of them. An announcer will call off the participants by these numbers.

Local young men, who have been prominent in athletics at high school and college, are expected to join in to help as starters, announcers, timers, scorers, etc. Business men are displaying a keen interest. City officials look upon the day as a bulwark of more sports among the school boys here.

RADIO WILL FLASH ARMY-NAVY RESULT

Washington, May 29.—Score by innings of the Army-Navy annual baseball game at Annapolis today, will be flashed all over the world, wherever naval detachments are located through plans worked out at the navy department.

A radio telephone will be installed on the field and through it will be transmitted to the navy department the score and a running story of the game. Out of the navy communications office issued wires will carry the information to New York, Newport, Boston and Norfolk. From the radio station located at these ports the score will be sent by wireless to naval vessels.

Relay from Sayville. Arrangements also have been made to transmit the score from the high powered wireless station at Sayville, which will be relayed by the naval station at Fort Tilden. While smaller radio stations at Great Lakes, Charleston, Key West and Guantanamo will intercept the messages and deliver it to army and navy stations in their respective localities. News to the Pacific naval stations will be wireless from San Diego, covering Alaska, Honolulu, Guam, China and Siberia.

Montreal.—The international golf match between Canada and the United States will take place Sept. 4 at Roslyn, N. Y.

Indianapolis.—Tommy Milton made the fastest time in qualifying trial for the 500 mile Monday, averaging 90.20 miles an hour.

SHAMROCKS, FORMERLY JUNIOR STARS, ENTER LOCAL BALL FIELD

Entering the local field as a new team, the Shamrocks, made up of boys about 18 years of age, open this season tomorrow against the Athletics of this city. On Monday, the Shamrocks will go to Footville to tackle a team formerly known as the Junior All-Stars and last year won 16 of their 23 games.

With the addition of two outfielders, the team is considerably strengthened. Don Dawson, pitcher for the Janesville All-Stars, will twirl in both games since his regular manager is out of town and Dickinson will be on the receiving end.

The Shamrocks are looking for games. J. Clark is manager, Bell 763.

TWO HEAVY GAMES FOR LOCAL RED LEGS

The Janesville Red Sox will play Sunday and Monday of this week. The first game Sunday will be played against the Harvard City team, at Harvard, which beat Black Hawk last year and Monday's game will be at Charley's Bluff, Lake Koshkonong.

In Sunday's game "Old Reliable" Berger will do the throwing, and if he works like he has done so far this season, the Red Sox will win. Up to this time, support has been lacking to Berger, but now the backing is going to be differently.

In Monday's game, Fleming will pitch against Milton Junction. This should prove to be an exciting game, especially if "Red" Mullen throws speed artists, as both Mullen and Fleming are known to ball fans for their speedy throwing.

The line-up for both games will be as follows:
Roberty, 1b; Miller, 2b; Grojean, 3b; Fleming, 3b; Doran, 1b; McGinley, 3b; Gritt, ss; Jackson, c; Berger, p; Gillets, f; Dopp, f.

MILTON MAKES 90.20 IN MOTOR RACE TRIALS; 14 HAVE QUALIFIED

Indianapolis, Ind., May 29.—Fourteen cars and their drivers have qualified for the 500 mile race at the Indianapolis motor speedway Monday afternoon for America's biggest motor racing event. An average speed of 80 miles an hour for four laps around the 2 1/2 mile brick saucer is required of each entrant. Tommy Milton, recently crowned speed king, made the fastest time in yesterday's trials, negotiating the ten miles at an average of 90.20 miles an hour. John Boling, Willie Haupt and Eddie O'Donnell were the other three to qualify on the second day of the test.

Ralph De Palma, who averaged a shade under 100 miles an hour for four laps in his trial Wednesday, has made the best time in the preliminaries. He will get the pole when the race starts. The other drivers who previously qualified were: Andre Elliot, Ralph Mulford, Tom Rooney and Ira Vail. Glenn Howard and Jules Ellingboe were unable to get their mounts in shape and will watch the race from the stands.

Eddie Rickenbacker, American flying ace, and formerly a competitor in the events here, flew over from Dayton, Ohio in a giant bombing plane yesterday, landed on the green and visited the pits and garages. Five thousand persons witnessed the performances yesterday and a record breaking crowd was expected this afternoon. One of the chief attractions was to be an exhibition by Tommy Milton in a car which has set a record of 156.4 miles an hour at Daytona recently.

ST. MARY'S DEFEAT INDIAN NINE, 33-16

PENN LEADS TRIALS OF EASTERN CLASSIC

Philadelphia, May 29.—Twenty colleges and universities had one or more men in the semi-finals and finals of the intercollegiate track and field championships at Franklin Field today and of this number any one of six institutions was in a position to capture the I. C. A. A. A. title. Aside from the one and two mile runs, which the entrants were not required to participate in elimination heats yesterday, Pennsylvania led in the number of men qualified for the finals with 15. Princeton with 14 was second and Cornell, with 11 was third. Next in

ALL STARS HALTED; HAVE NO DIAMOND

The All Stars will not play Sunday or Monday because games which were scheduled have been cancelled by the managers. The Stars have been trying to book a fray for Monday with a local team but so far have been unsuccessful.

The Stars will play either the Beloit Tigers or the Madison Capitols June 6.

Inability to get a home diamond is hindering the Stars from scheduling games. An appeal made by the boys today reads:

"If the All Stars had a good diamond, they could play any number of games here because many teams from within a radius of 50 miles have written to come here. But where is there a good diamond? The All Stars would be glad to receive any information from business men in regards to a suitable diamond."

"The Stars have been playing together with the same team for several years and are putting across fast ball and now they have not even a good place to practice. Who will help the All Stars?"

Philadelphia.—The Naval Academy's Varsity oarsmen won the Childe cup race on the Schuylkill river.

order were California and Dartmouth, each with 7 qualifiers. Stanford had 6.

Points were allotted in the finals on the basis of 5 for first place, four for second, three for third, two for fourth and one for fifth.

ZENITH CARBURETOR

It is easy for the user of a passenger car or motor truck to understand the function of the carburetor—that all important little instrument which is the very heart of the engine. It is easy to understand the necessity of having a proper mixture of air and gasoline, which by its explosion in the engine cylinders, constitutes the source of power.

But it is difficult for the average man or woman without technical education to understand the "hows and whys" of the average carburetor.

ZENITH SIMPLICITY

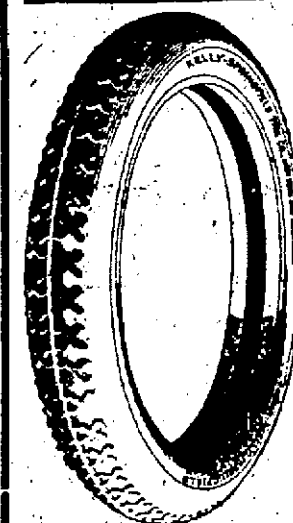

The extreme simplicity of the ZENITH Carburetor, its freedom from the necessity of adjustments, and its principle of operation based upon certain well known laws of nature, make it easily understood by anyone.

Come in and let us demonstrate this World-Wide popular Zenith Carburetor.

REMEMBER, We are the only Zenith Carburetor Service Station in the city.
